

XAU/USD Manual Signal Checklist — M15 Chart

STEP 1 — SET UP YOUR CHART

- ☐ **Open XAUUSD chart**
Market Watch → double-click XAUUSD
- ☐ **Set timeframe to M15**
Click M15 in the toolbar at the top
- ☐ **Add EMA 20**
Insert → Indicators → Trend → Moving Average → Period 20, Method EMA, colour BLUE
- ☐ **Add EMA 50**
Insert → Indicators → Trend → Moving Average → Period 50, Method EMA, colour RED
- ☐ **Add RSI 14**
Insert → Indicators → Oscillators → RSI → Period 14 (appears below chart)

STEP 2 — BUY SIGNAL (ALL 4 MUST BE TRUE)

- 1

EMA 20 is ABOVE EMA 50
Blue line is above the red line — trend is bullish
- 2

Price is ABOVE both EMAs
Current candle closed above both the blue and red lines
- 3

RSI is between 50 and 70
RSI panel below chart shows value in the 50–70 zone — trending, not overbought
- 4

Candle BOUNCED off EMA 20
Candle low touched or dipped into the blue EMA 20 line and closed back above it

ALL 4 TRUE → BUY SIGNAL | Enter long on next candle open

STEP 3 — SELL SIGNAL (ALL 4 MUST BE TRUE)

- 1

EMA 20 is BELOW EMA 50
Blue line is below the red line — trend is bearish
- 2

Price is BELOW both EMAs
Current candle closed below both the blue and red lines
- 3

RSI is between 30 and 50
RSI panel below chart shows value in the 30–50 zone — trending, not oversold
- 4

Candle REJECTED off EMA 20
Candle high touched or spiked into the blue EMA 20 line and closed back below it

ALL 4 TRUE → SELL SIGNAL | Enter short on next candle open

STEP 4 — NO TRADE CONDITIONS (STAND ASIDE IF ANY APPLY)

- ×

RSI above 70
Market is overbought — do not buy, wait for RSI to drop back below 70
- ×

RSI below 30
Market is oversold — do not sell, wait for RSI to rise back above 30
- ×

EMA 20 and EMA 50 are flat or crossing
No clear trend — wait for separation and direction
- ×

Price is between the two EMAs
Choppy zone — wait for price to close clearly above or below both lines

QUICK REFERENCE

EMA 20 Blue line — fast moving average, acts as dynamic support/resistance

EMA 50 Red line — slow moving average, confirms the trend direction
